About us

Erasmus Student Network

The International Exchange Erasmus Student Network is an international non-profit organisation registered in Brussels. In Germany ESN consists of 23 sections and Erasmus Initiative TU Dresden is one of them.

Erasmus-Initiative TU Dresden

We are about 30 students from different faculties of TU Dresden. Many of us used to be Erasmus students themselves.

With the motto: "students helping students", the Erasmus-Initiative organises events and excursions for ALL internationals (not only Erasmus students) in order to make your time here unforgettable.

You can always come to us for answers or help if you've got any questions or problems!

At the beginning and the end of each semester we organise Dresden's biggest international student-partys in cooperation with Faranto, LinkPartner-Programm and PiKanTU – the Culture Shock and Farewell Party. You don't want to miss those!

By the ESN star you can easily recognise the real Erasmus-events.
